A. Enrollment Summary

In the site council packet you will have an enrollment summary as of today's date. Mr. Barger shared with the council the summary and the breakdown of students per grade, the number the council voted on last year, where we are today, and the number with siblings. We are currently 17 students down on the high school side.

B. Calendar

In the site council packet you have a copy of the school calendar for the 2012-2013 school year. There was talk of going to one calendar for the district but at this point there will be a separate calendar for K-8 and high school. VAHS will have its usual calendar.

C. 2012-2013 Enrollment

Mr. Barger shared with the council he met with the 9th, 10th and 11th graders during lunch regarding what will be going on next year as far as numbers for the high school side and the middle school with Andrada opening. Not much concern on the high school side from the students. Mr. Barger explained that we will be asking the council to vote that we have two 6th grade to 8th grade classes and lower the number of enrollment for the high school.

A few questions came up from the council concerning staffing for next year and how the high school teachers feel about teaching middle school. Mr. Barger shared that a few teachers have made it clear they really do not want to teach middle school and others are ok with it. We do have a few that have applied for Andrada. Also, Mr. Barger shared with the council he has been talking to staff about how many sections of each subject will be needed for next year if we cut back the number of students from 225 to 180. It is Mr. Barger's recommendation for the council to approve lowering the high school numbers from 225 to 180 and adding another class for 6th and 7th grade. Motion was made by Mr. Hill and seconded by Mrs. Gately. Motion passed
