Program Packet
2006-2007

The Education Enrichment Plan (EEP) Program offers teachers the opportunity to enrich the regular curriculum by designing and implementing unique programs for Vail students. Teachers who participate in EEP write "enrichment plans" for programs they wish to implement. Based on a team's evaluation, the District provides compensation to teachers whose plans demonstrate excellence, creativity, leadership, and commitment beyond regular responsibilities.

I. EDUCATION ENRICHMENT PLAN (EEP) GUIDELINES

The following guidelines will be used for evaluating and approving EEP performance plans:

- A. The plan must demonstrate excellence or commitment beyond what is normally expected or inherent in the responsibilities of a teacher in the Vail School District.
- B. Enrichment plans must be discussed with the principal (prior to writing the plan) in order to clarify goals and to determine if the plan meets the standard referenced above.
- C. It is essential that plans very clearly communicate all activities that will take place during the school year.
- D. Enrichment plans must show evidence of direct benefit to students. Teacher training or education may be part of a plan, but the plan must focus on the application of the training, not the training itself.
- E. It is important to note that although the amount of additional teacher time spent on a project is a major factor in the evaluation process, enrichment plans are not intended to be an hour-by-hour compensation plan.
- F. Teachers may submit more than one enrichment plan.
- G. One EEP plan may be submitted by a first year teacher to the district if they have at least three years of previous teaching experience and approval by the site principal.
- H. A teacher with two to five year's experience with the District is **limited to 20 points total**. Teachers with more than five years of experience with the District are **limited to 24 points total**.
- I. Teachers may submit joint or team plans. The following conditions apply if more than one person is working on one plan:
 - 1. One teacher must be designated as the leader -- responsible for all aspects of the plan.
 - 2. Team members must submit, with their plan, an explanation of how responsibilities will be divided and how points will be divided among the various participants.
- J. Review the EEP Criteria Scoring Sheet.
- K. Remediation, tutoring, study hall, or homework help will no longer be a component of the Enrichment Plans. These programs will be stipend through site allocations. An application process will be announced at a later date.

II. APPLICATION PROCEDURE

- A. Mandatory attendance at informational meetings for all education enrichment plan participants.
- B. Develop your idea and review with principal (form is attached). Meet with principal assistant if this is your first plan or if you would like feedback and guidance. **The principal must be consulted with the idea prior to submitting the plan.**

VAIL HIGH SCHOOL STUDENT CONDUCT AND DRESS CODE

Vail High School is located within the University of Arizona Science and Technology Park. The goal of the school is to continue developing positive relationships with the business community in the park in order to provide unique opportunities for our students to interact with business professionals. To foster these relationships, it is important that Vail High School students present an image that is appropriate to a business environment. This includes behavior, clothing, hairstyles, jewelry, and an overall appearance that is acceptable to such an environment. All clothing shall be within the guidelines of decency and professionalism as appropriate for this school. Since the majority of our park interactions occur during trips to the cafeteria, students wishing to use the cafeteria must sign a cafeteria use policy form in order to have access to the site cafeteria.

Student Conduct

Student conduct will be within the guidelines of district policy and the Vail High School Code of Conduct. Any violation of these policies of the Code of Conduct will be submitted to the school administration for review and/or disciplinary action if necessary. Once again, the goal of the school is to foster responsibility through relationships with our local community. Students' behavior, in and out of school, can dramatically affect the success of these relationships. Appropriate conduct also applies to student behavior within the school and classroom so that the educational experience is not disruptive but rather maximized.

Public Display of Affection

Public displays of affection (i.e., hugging, kissing, etc.) are not allowed within the buildings on campus. Outside of the campus buildings, only handholding is allowed.

Electronic Devices and Cell Phones

Electronic device such as CD players, cassette players, MP3 players, digital cameras, electronic games, etc. are not to be used at all while inside the school. Cell phones and pagers are to be turned off or placed on silent mode while inside the school and are not to be displayed or utilized at all. If these devices are utilized or displayed, they may be secured by the school staff and held until the student retrieves the device after school from the school administration in addition to disciplinary action. A second time that a student has an electronic device confiscated a parent will need to pick it up from the school. If a student has a 3rd violation with electronic devices, the student will receive school consequences deemed appropriate by administration and the device will be held by the school until the end of the semester.

Electronic device and cell phone usage is allowed outside the school building as long as it is not in violation of policy and is not disruptive to the learning experience or the operation of the school.

Food and Drink

Students are allowed to purchase food from the site cafeteria during certain times of the school day. However, no food is to be brought into the school unless stored continuously and securely in a backpack or lunchbox. No drink is to be open or consumed in the school other than a clear bottle of water with a closeable cap or lid. No other food is to be opened or consumed within the school at any time. **No open food or drink containers other than water are to be brought back into the school from the cafeteria.** Exceptions may be made for eating within the school on a case by case basis and with the approval of the school administration.

Cafeteria Usage and Behavior

Students of Vail High School are privileged to be able to utilize the University of Arizona Science and Technology Park cafeteria. However, misuse or abuse of these privileges may result in the individual's use of the cafeteria being revoked for a period of time determined by the school administration. In order to take advantage of this opportunity students and parents must sign and return a "Cafeteria Use Policy" form.

Student Arrival & Departure

Due to the need for students to be supervised, it is requested that no students arrive on site earlier than 7:30 a.m., prior to the beginning of the school day. In addition, any student who remains after school must be in the supervision of the school staff and present in the school or on the front patio. Students are not to remain unsupervised in the parking lot for their safety. No student is to be on the site without the knowledge of the school and the supervision of the school staff.

Dress Code and Grooming

Students are expected to dress appropriately while on campus and during all school-sponsored activities as they are a direct reflection of Vail High School. The parameters for appropriate dress and grooming are set forth below. Students who violate the dress code will be sent to the school administration to correct any deficiencies by calling a parent to bring appropriate attire and/or receiving an unexcused absence until the student complies with the dress code. **The school administration shall be the interpreters of proper attire.
