Mr. Barger informed the council that the total on the print out shows 28 seniors one of which has decided to come back for another year of high school, one will graduate in June. We had one junior that graduated a year early and one from VDLP therefore we had 28 graduates. With the number of enrollment packs we should be just at about 160 to start the 09-10 school year.

**NEW  
BUSINESS**

**VAIL SCHOOL DISTRICT NO. 20**  
Advisory School Site Council

**BYLAWS**

Note: The Vail School District Governing Board has the legal authority to govern the operations of the schools in the District. It is the philosophy of the District that the District's schools belong to, and are the responsibility of, their respective communities. As such, the Governing Board has created school councils to provide parents and community members of each school site the opportunity to provide input into the decision-making process.

It is also the philosophy of the District that school employees are valued, informed participants in the operation of the District's schools. As such, they are given representation on each school council.

**ARTICLE I**  
Role of Council

The School Site Council serves in an advisory capacity to the principal at each school site. The principal will seek formal or informal advice from the Council on a variety of issues.

Formal action will require an official, recorded vote. Typically, each action or vote will be preceded by discussion and a formal recommendation from the principal. Issues requiring formal action of the Council are as follows:

- annual goals for the school
- student discipline rules and procedures
- student and parent handbooks
- local education enrichment plans
- student field trips
- council meeting times and formats
- annual school budget
- select school photographer

The principal may also seek informal, or formal, advice from the Council on other issues. These issues may include, but not be limited to, the following:

- selection and scheduling of school activities
- curriculum
- selection of employees
- recognition of students and employees
- communication with parents and the community
- school calendar
- master schedules
- local in-services for staff
- special programs and activities
- fundraising activities
- parent satisfaction survey

The principal is not bound by any action of the Council.

If an administrative vacancy occurs at the school, the superintendent will seek input from Council members on the filling of that vacancy.

Council members may be called upon to serve as members of district-level advisory committees.
