A. Enrollment Summary

Mr. Barger shared with the council the enrollment numbers as of today. We have 472 of which 182 are K-6th grade and 85 are 7th and 8th grade and 205 are 9th to 12th grade with 11 foreign exchange students. There is a waiting list for all grades except high school. Mr. Barger was talking to the council regarding next year's enrollment and where we may be short in high school with Andrada Polytechnic High School opening. Mr. Barger also shared that before moving to the new school our high school was at 150 to 160. We will lose students going on to Andrada. Mr. Barger shared that we may want to consider having double 6th, 7th and 8th grades. If the over ride does not pass we will lose 2 to 3 staff members. We can cut the high school down to 150 to 160 and double up the middle school to cover the kids we lose to the other schools. Question was asked about when we have to make the decision on whether to take on the double grades. Mr. Barger did say that he would like to make the decision no later than December so that will give teachers the opportunity to move on to another high school if they do not want to teach middle school. Also, Mr. Barger informed the council of the school on DMAFB and that we may not have students from there if their school improves.

12-13 Issues to consider

VA Waiting list k-8, two years in a row.

VHS Empty spots in every grade this year and three grades last year.

VHS Students that may not return next year (For. Exch. and DMAFB #s)(10+15)

Andrada Poly opens next year. will hold 500-600 kids.

OPTIONS:

KEEP 230 HS SPOTS AND RECRUIT

- + Keeps HIS Teachers as they are
- + Allows us to keep options that we have now
- Uncertainty of recruiting based on prior numbers and Andrada opening
- Loss of filled spots is paid for by k-8 over crowding
- Which student do we get if we do fill? TUSD, SSide or Vail?

DOUBLE THE MIDDLE SCHOOL GRADES AND LOWER HIS NUMBERS

- + Likely to fill MS numbers faster than HS numbers. currently waiting list of 30 for 6th
- + We already have a double 8th grade for next year, which would likely be hardest to fill
- + We shift 'recruiting' from 9th grade to 6th grade when we are the only 'other' choice
- + We likely get more Vail families than out of district students
- + Majority of our 9th grade class would already know our school culture. transition easier
- + We could build a waiting list at HIS classrooms allowing us leverage for under performing students
- We could lose existing staff who do not wish to teach MS students
- We may attract fewer quality students because we are 'too small' or don't have programs

SOME OTHER IDEA THAT HASN'T BEEN PUT ON THE TABLE

2x6th @ 26=52-58	1 @ 28
2x7th @ 27=54-60	2 @ 54
2x8th @ 27=54-60	1 @ 30
Total = 160-178	112

We would be able to grow at least 48 student in middle school, allowing us to reduce our high school goal by the same. $230-48=182$. We could target kids per grade as 48,48,46 and 40 respectively for a total of 182.
