Dear Parent/Legal Guardian:

Attached is information describing the Open Enrollment law in Arizona, along with application procedures for students wishing to attend a school in the Vail School District. However, if you are a Vail School District resident wishing to have your student attend your neighborhood school in the attendance area where you reside, you need only to register at the school.

For Vail District parents wishing to have their child attend a Vail school outside their attendance area and parents from other school districts wishing to have their child considered for enrollment in a Vail school, the enclosed Open Enrollment information applies.

We believe parents generally know what is best for their child. And, we believe some schools are better for a specific student than other schools. As such, it is our desire to provide you with multiple schooling options to choose from. If there is space available at the school you choose, we will enthusiastically welcome your child to that school. If space is not available, we will work with you to review other options that may be available.

Please call me at 879-2003 for more information. Your interest in Vail schools is most appreciated.

Sincerely,
