

FIRST THINGS FIRST

South Pima Family Resource Guide

“Linking Southern Arizona to Family Support Resources”

First Things First (FTF), approved by Arizona voters, works to ensure that our youngest children have access to quality early childhood experiences so they will start school healthy and ready to succeed. Across the state, FTF regional partnership councils – in collaboration with local leaders – identify the educational and health needs of children from birth through age 5 in their communities and fund strategies to address those needs. ***The following is brought to you by the South Pima Coordination of Services strategy.***
